

NQual have introduced a way to 'Link' practising Coaches with new Coachees. This service is solely to support learners during the Coaching Professional Apprenticeship, and to support apprentices in gaining experience and skills in coaching others.

You can participate in this service as a Coachee or a practising Coach, or both.

Please note, this is not a training programme. This is a link allowing Coaches to practise coaching with a Coachee.

The Role of the Coach

As a Coach, you will gain the contact information for a Coachee, where you will reach out and begin your Coaching journey together. You will be required to complete a Coaching Contract and arrange the coaching schedule with your new Coachee. (NQual do not provide Coaching Contracts, this is something you will already use within your current practise.)

When registering as a Coach, you are also agreeing to become a Coachee for someone else. If this is not possible, we will ask you to opt-out within the registration form below. Coaches must follow all ethical practices throughout their sessions.

It is the responsibility of the Coach to make contact with the Coachee within two weeks of the initial 'Link.'

The Role of the Coachee

As a Coachee, you will be volunteering your time to be coached by an individual currently on their coaching journey. The expectations of a Coachee are simple, you must be committed to being coached and engaged in the process. You will agree with the Coach on the scheduling of your sessions prior to undertaking your sessions.

We aim to ensure you are linked with someone outside of your employer. Links are completely random and there is no profile matching.

To register as a practising Coach there is a £10 one-off fee. For this you will receive a 'link' to a Coachee, who has expressed an interest in being coached. There is no fee to register as a Coachee.

To register, please complete our Registration Form located on our website. You can find it by following the link below:
